THE CHARLEROI MAIL

Entered second class mail at Charleroi, June [illegible]1900, according to Act of Congress of March 3, 1879

VOL. X. NO. 125. CHARLEROI, WASHINGTON CO., PA., FRIDAY, JANUARY 14, 1910. One Cent

APPLICANTS MUST ANSWER BIG LIST OF QUESTIONS

Each Person Wanting Census Job Must Be Endorsed by by Two Citizens.

TEST IS PRACTICAL ONE

Necessary For One to Tell All He Knows About Self to Get On the Force.

Census Supervisor Charles O. Frye, whose office is at this place, has received from the Census Bureau a supply of blank applications for persons applying for positions as census enumerators. These will be forwarded to his list of applicants as soon as possible.

The applications, properly filled out, must be returned to the supervisor not later than January 31, the Census Director having extended the time for filing from January 25, which was the date first set for closing the consideration of applications. The "test" will occur February 5, as previously announced.

The instructions printed on the application form state that a definite answer is required to each of the questions, which are:

"Are you a citizen of the United States? If naturalized citizen, when and where were you naturalized?

"Of what State or Territory are you a legal resident? How long have you been a legal resident thereof? Of what county and of what town or city and ward are you a resident? How long have you been a resident thereof?

"What is your sex and color? What was your age at last birthday? Where were you born?

"What is your education? Give the principal facts.

"What is your present occupation?

"What is your professonal business experience? Give the principal fact, and, if at present an office holder, name the office you hold.

Have you ever been employed on census work, either National or State?

If so, in what capacity and of how long a period? If an enumerator, for what territory or district? Describe as accurately as possible.

"Are you physically capable of a full discharge of the duties of a census enumerator? Have you any defect of either sight, hearing, speech, or limb? If so, state nature of defect.

"Do you speak English? Do you understand and speak any language other than English If so, what language? Specify languages spoken, as Bohemian, Chinese, Danish, French, German, Greek, Hungarian, Italian, Japanese, Lithuanian, Magayr, Norwegian, Polish, Portuguese, Russian, Slavic, Spanish, Yiddish, etc.

"Are you a member of a political committee of any party? Answer 'Yes' or 'No,' but do not indicate what party.

"In view of the fact that you may be required to take a test before a postmaster, state what postoffice would be most convenient to you for this purpose. This test is of a practical character, consisting chiefly or wholly of the filling out of a sample schedule of population from information furnished regarding tpyical families, and in the case of enumerators whose work will be in rural districts, the filling out of a sample schedule of agriculture.

"Are the answers to each of the foregoing questions true to the best of your knowledge and belief? Are they in your own handwriting?"

Indorsement of each applicant must be secured from two representative citizens of the community in which the applicant resides. They must be at least 21 years of age and acquainted with the applicant not less than one year. Indorsements will not be accepted from any person who is in any way related to an applicant. The indorsement certifies that the applicant "is a thoroughly trustworthy and honest person, of good habits, and in my opinion, is fully capable of discharging the duties of a census enumerator, if appointed."

Woman Charges Dentist With Fracturing Jaw

Dr. Arthur Raymond Krahmer, of Uniontown has been made defendent in a damage suit for $10,000 brought by Mary E. Friend, a domestic. The plaintiff claims that the dentist extracted the root of a tooth and in so doing shattered the jaw bone, which resulted in serious and permanent injury.

He is charged with using large injections of cocaine after which he extracted the root in a forceful and violent manner. He is also charged with being careless and negligent.

Carmichaels is Stirred.

Under direction of Eangelists Hendrick and Carter, who recently held a series of meetings at the Washington Avenue Presbyterian church here, a revival is in progress at Carmichaels which has stirred that town as never before. Stores and business places are closed while the meetings are in progress, and over 60 conversions have been reported.

BUSINESS DETAINED INVENTOR

Charles E. Bell, the Charleroi inventor, for whom his family and friends have been searching several days past, came home last night about 11 o'clock from Pittburg, where, he said he had been detained on business. Mr. Bell stated that he had written a letter last week, and was surprised that it had not reached his family. Mr. Bell went to Pittsburg with William Creevey of Monessen on some coal land business. Mr. Creevey was able to return home the same day, but some unexpected business matters turned up which detained Mr. Bell. The latter will go to Ellsworth at once to begine installing the locks ordered for the Ellsworth mines.

Yearly Event

Everybody eat. Turkey dinner and supper at the Washington avenue church on Saturday, January 15. Price only 35 cents. 123t3

Wanted

Dining room girl and chamber maid. Wages $5.00 per week. Board and room. Fifth Avenue Hotel, Monessen. 123t3p

J. P. Ebert and J. K. Thompson of Ballsville was transacting business in Charleroi recently.

WASHINGTON COUNTY FOREIGNER SAID TO HAVE MET DEATH THROUGH BLOW ADMINISTERED BY COUNTRYMAN

In a fight at a boarding house in the Arden mine of the Meadow Coal company yesterday morning Theodore Shisslem, 21 years old, an Austrian, received injuries from which he diad shortly afterwards. Shisslem, who was intoxicated at the time, attacked the boarding boss who refused to give him more whiskey. The latter knocked Shisslem down and threw himout into the snow. Shisslem was carried back into the house by companions, but died before a physician could be called. Eight men have been arrested and are lodged in the county jail.

An autopsy showed that a blow by some blunt instrument over the left ear caused the death of Snisslem. The skull was not fractured, but the brain was highly congested. It is thought that as the man was drunk at the time the influence of the liquor made him more susceptible to the blow.

State Troopers Roller and O'Donald and Constable Nitchie of Midland rounded up the inmates of the house where the murder occurred and took them to jail. Coroner J. T. Heffran held an inquest at the court house this morning.

COURT REFUSES TO GRANT JUDGMENT AGAINST GARNISHEE

Judge J. A. McIvlaine yesterday handed down an opinion in the suit of Wilson Bros. Lumber Co. vs. Charles O. Frye of Charleroi, garnishee of Brenton and Hannan. Motion for judgement against the garnishee is refused.

It appears that Brenton and Hannan, becoming financially involved, assigned their property, book accounts, etc., to Charles O. Frye, as trustee, and 21 creditors of the firm signed an agreement that the proceeds of the sale of the effects of the firm should be divided in proportion to their respective claims.

Frye took charge of the firm's affairs and succeeded in realizing $1,538.10. Of this sum Frye paid claims against the firm amounting to $801,47, leaving a balance of $736.63.

The plaintiff having a judgment against Brenton and Hannan then sued an attachment for the money in the hand of the garnishee.

The court holds it would not be proper for Wilson Bros. Lumber company to take all this money and not allow the 21 creditors who signed the agreement to have anything, and for this reason the motion for judgment is refused.

PENNYWITT FINDS NEW ILLNESS FOR THE ATMOSPHERE

Henry W. Pennywit, the weather forecaster in Pittsburg not only dispense forecasts, but accompanies them with health hints. He came out recently with a new and rather startling one to the effect that Pittsburg air was super-charged with "pogonip," and he urged that people outdoors should hang over their mouths and nostrils a little apron of cheese cloth.

"Pogonip," he explained, is Indian for "white death," and is caused by inhaling fog, which has congealed into spicula of ice. He first learned of the disease when stationed on the Utah and Nevada plateaus, where the Indians dread it fearfully. It develops in form of pneumonia, which is usually fatal. This week was the first announcement of the new plague in Pittsburg.

Ira L. Nickeson has sold to Alfonso Pedro, lot in Charleroi on Fallowfield avenue 22x100 feet. The consideration was $305,000.

Rain and slush during the past two days had a marked effect upon local business. Not many people were abroad last night.

Miss Bertie Waller, the Lover correspondent of the Mail, is seriously ill. She has been confined to her home for several months.

R. S. Coyle is at Uniontown and Shady Grove transacting business in connection with Shady Grove Park, of which he is manager.

Mrs. D. E. Sloan and daughter are spending the day in Pittsburg with friends.

Leslie Campbell Co.

See those $12.00 Gray Worsted Raincoats to go for only $6.48. 125t2

WANTED—Nursing. By experienced nurse. Best of reference in every way. Mrs. F. D. Hill, No. 819, Fifth street, Charleroi, Pa. 125t2p

SING AND THEN PLAY TO DELIGHT LOCAL AUDIENCE

The Singers and Players Club consisting of a quartet of musical young men appeared at the School Hall last night in one of the entertainments of the Citizens Lecture course, and judging by the praise accorded them by those who attended, furnished the best entertainment thus far this season. The quartet sang and played. For well-balanced work as a male quartet they undoubtedly surpassed anything ever heard here. Male voices could not be more nicely blended and the seeming ease with which the members of the club adapted themselves to a varied program not only conclusively proved them musically proficient, but also evidenced the fact there was an organization fully alive to the musical wants of the masses. As a string quartet the club did especially meritorious work. With the three violins and the cello one of the most perfect harmonious groups possible was had, and with four proficient musicians to perform on these instruments the best in music was reached. Mr. Bright's cello work was especially commendable and the violin solos of Malcolm Wood were good. E. St. Clair Piggott received repeated encores after his basso solo. The members of the club by their apparent good nature won their way into the heart of the audience.

SLAV MINER NOT HELD ACCOUNTABLE FOR EXPLOSION

Coroner Heffran yesterday made an investigation of the explosion at California which snuffed out the lives of Sabin Kourtick, Josephine Kourtik and injured their mother and sister. The jury found that the explosion was due to the thawing out of carbonite by the father who was ignorant of the danger and he was not held for criminal action.

It was brougt out at the hearing that the father had purchased a box of the carbonite at the store and had been using it as needed. The box contained 52 sticks and he had used about 10 sticks. When the explosion occurred he was attempting to thaw out three sticks.

It is the opinion of many miners that Mr. Kourtick had caps on the carbonite or the explosion would not have resulted. He was questioned closely on this subject but held out that no caps were on the explosive.

Thus far little interest is manifested in the local political situation. The various candidates for the Republican nomination for justice of the peace are circulating some among their friends, but the public generally seem to take little interest.

Real estate men are looking for more active business this season than last. It is also expected that there will be more building in the community, especially in the lower end of town.

There seems to be an impetus in the chicken raising business in town. A number of residents have ordered incubators and expect to adopt the Philo system for brooding and raising chickens.

Mrs. John C. McKean is a visitor today in Pittsburg.

SEVERING OF LEFT LEG MAY CAUSE MAN'S DEATH

George Ingland the Victim of Serious Accident This Morning.

WORKER AT LOCK NO. 4

Line Wrapped Around Limb Pinching It Off, Leaving Part In the Boot.

George Ingland, aged about 40 years of 817 Lincoln avenue, had his left leg severed about three inches below the knee by being caught in a line while at work at Lock No. 4 this morning about 3:30 o'clock. He was taken to the Monessen-Charleroi hospital after Drs. H. J. Repman and J. Clive Enos had attended him, and today at noon the leg was amputated a short distance above the knee. When the leg was torn off, it was left in the man's boot. Some fears are entertained for Ingland's recovery, the loss of blood and the nature of the injury tending to possible serious consequences.

Ingland was an engineer by trade. He has been working at the Lock for some time, coming here from Brownsville about four years ago, and has been living with his father, being an unmarried man.

Two boats were awaiting the opening of the gates to get throught the lock, one above the lock and one below. Ingland was near a capstain on the middle wall attending to his duties, when by some means the large 2-inch rope, which is used for the opening of the gates caught his left leg, and in a twinkling had crushed it entirely off, against the capstain. Other workers were nearby and they came to his assistance and temporary aid was given until physicians could arrive. Soon after he was removed to the hospital. The loss of blood and shock was great and the entire morning was spent in getting him in a condititon for an operation, which seemed inevitable.

The operation was performed by Drs. Repman and Enos, but the possible outcome cannot be told. The only relative of Ingland here is his father, who is a machinist.

Officers Installed For Ensuing Year by Lady Maccabees

Last evening at a regular meeting, Charleroi Hive No. 185 L. O. T. M. installed officers for the ensuing year. The installation ceremony was in charge of Mrs H. M. Ellsworth of Corry, Pa., Past Great Commander of Pennsylvania. The following ladies will assume charge of the various offices as noted:

Past Commander—Mrs. Margaret Dunkerly.

Commander—Mrs. Laura Eckel.

Lieutenant Commander—Miss Anna M. Sullivan.

Recorder Keeper—Mrs. Mary McGee.

Finance Keeper—Mrs. Amelia Heirnaus.

Sergeant—Mrs. Bertha Blanchard.

Masters at Arms—Mrs. Hattie Garlick.

Sentinel—Mrs. Margaret Garrigan.

Picket—Mrs. Mary Fiedler.

Chaplain—Mrs. Lydia Cottell.

Organist—Miss Julia V. Sullivan.

After the business session quite an enjoyable time was passed in dancing and other social diversions. Dainty refreshments were served.

FOREIGNER KILLED ON RAILROAD

John Mpoki, a Russian 24 years old, was killed by passenger train No. 150, southbound, due in Charleroi at 11:01 o'clock this morning, a short distance below North Charleroi. The man was not instanly killed, and the train stopped to get the body to bring to Charleroi He died before reaching the local station, however. Drs. J. K. Smith and T. M. Faddis were called but it was too late to do anything. The body was taken to the undertaking rooms of Reeves and Reeves.

The man was walking from Pittsburg to California in company with another man of his nationality. A train going north, it is supposed, confused him, and he stepped in front of the fast south bound passenger train. It struck and hurled him a considerable distance.

The man's companion said that they were from Buffalo, N. Y., that they had been in Pittsburg, and being out of work, and short of funds started to California to secure work, intending to walk the entire distance. Coroner Heffran was notified, and will hold an inquest later.

Skating Party.

A party of men, many of them members of the Eagles, numbering about 50 held a skating party at the Charleroi rink last night The evening was spent in skating and with other diverions. Supper was served, consisting mainly of chicken and turkey.

Turkey Dinner and Supper.

On Saturday, January 15, the big dinner and supper will be given by the ladies of Washington avenue church. Only 35 cents. 123t3

Leslie Campbell Co's. Dire Necessity sale, the greatest on record, 413 McKean avenue. 152t2

Lost, Strayed or Stolen.

A bull dog, 18 months old, white and brown spots, clipped ears and tail; one brown eye and one blue. Answers to name of "Nick." Last seen wore a brass collar 3 inches wide. Information leading to recovery will be rewarded. Dr. L. N. Reichard, Brownsville, Pa. 125t2

Notice to Taxpayers.

This is the last month for the payment of 1909 school and borough taxes at face. Starting February 1, 5 per cent will be added. The 1909 state and county taxes has been placed in my hands for collection.

J. W. Mathias,
Collector.

Too Much Gold?

When the so-called free silver fallacy was a campaign issue, the gold advocates pictured in lurid colors all the trouble, chaos and demoralization that a plethora of sliver money would bring, and positively asserted that all this would come to pass if there was free and unlimited coinage of silver. One of the evils predicted in case free silver prevailed was high prices, the same as during the Civil War, when greenbacks with no coinage basis was the medium of circulation.

Now, with gold as the basis and free coinage of this metal also, it is being asserted that the plentifulnss of this precious metal is accountable for the unprecedented era of high prices that is now prevailing and causing so much discontent and complaint. If the logic of this argument applies to the free coinage of silver, it would seem that it would certainly apply to the free coinage of gold, if that metal were more plentiful, and statistics show that its prodution has rapidly increased. That being the case it is in order for the financial sharps to cause a shutdown in the coinage of gold.

As a matter of fact these alleged fallacies are largely theoretical. The person of ordinary understanding whose mind is not befogged with the hazy arguments about "parity" cannot be convinced that if he should take his solid silver spoons to the mint and have them converted free of charge into silver dollars economic and financial confusion would result. It is the same way with gold, which after all is not an absolute necessity. You cannot eat it or wear it as clothing and it is not essential to the mechanical arts. It is probable that much of this theory as to the influence of gold and silver production is based upon a belief of what might occur rather than what has ever occurred. Past experiences are no criterion, from the fact that co incidence has not yet been fully separated from cause. When the public generally was afraid of Halley's comet, the appearance of that phenomenon was really the cause of more or less social and economic demoralization. Present conditions seem to demonstrate that too much gold is as bad as too much silver, applying the same line of reasoning.

Swallowing a Camel.

Those few assessors in various parts of the county who have followed the precepts of the Washington Observer in assessing property at what they conceive to be its full value, that is, at what it might sell at or was bought for when some one was very desirous of obtaining it, are simply fastening more taxes upon their neighbors than is paid in adjoining districts. This is forcibly stated in the following from the Connellsville Courier:

"We notice that some very excellent journals of high standing demand the assessment of coal lands and other property at their full value and point out that the assessors cannot do otherwise without violating their oaths of office. Occasionally an assessor feels imbued with this mistaken notion of integrity and follows such advice. The result is that the property in his ward or township is assessed at three or four times the value laid upon all other property within the county and his neighbors are called upon to pay three or four times as much taxes, relatively, as the other citizens of the county. The unfairness of this is so apparent that the virtuous assessor usually realizes that while straining at the gnat he has swallowed the camel. The commissioners usually afford the unjustly taxed citizens proper relief, and the assessor invariably recovers from his bad attack of conscience."

In "swallowing the camel" these assessors are perpetrating an injustice upon their neighbors. While literally the law may state that property should be assessed at its full value, there is a wide discrepency as to what constitutes this value, which many a person has found out to his sorrow when he tries to dispose of a property at what it costs him. The most important question in the matter of assessment to arrive at is an equable basis rather than a hig valuation. This is what is being done so far as possible, and the assessor who boosts his neighbor's taxes away above those of abutting districts presents an example of unfairness rather than that of rectitude.

Federal Incorporation.

Thomas W. Lawson, the Boston financier whose pyrotechnical crusade against the so-called copper trust brought him into the lime light as a "trust buster" of the most pronounced tpye, professes to have found a remedy for all the evils of trusts and big corporations. This is Federal incorporation, recommended by President Taft in his message to Congress. In this process Mr. Lawson professes to see an end to over capitalization, stock watering and the frenzied finance that has taken billions of dollars out of the pockets of gullible investors and loaded them with tons of worthless securities.

In many of the European countries —Switzerland is a notable example— all corporations are under Governmental jurisdiction and inspection. All the proceedings are open to public inspection and no concern is permitted to "bite off more than it can chew." In that country corporations are presumed to be organized for the purposeof leigtimate business and none are permitted to "skin" investors or get a private "rake off." More than that, the Government supervises their methods of operation, and keeps them in the straight and narrow way.

If Federal incorporation in this country will accomplish like results it will fulfill Mr. Lawson's expectations. It is up to the public, however, to endorse this method, and to refuse to take any stocks or securities of corporations not under Federal incorporation. As the public dearly loves to be humbugged, it will probably require considerable more "shearing" to bring a dominating sentiment in this direction.

ELECTRIC SPARKS

The weather bureau has handed out a new one. It's "Pogonip" and is supposed to be a dangerous condition of the atmosphere. In other words it's frozen fog, so if you breath any of it and get sick, you will know the cause.

Even if the Pittsburg Railways company does not put the newest cars on our divsion at once, we will have the pleasure of seeing the old ones of the Washington line here, and that's something.

Apparently the children of the rich are not the happiest. However, there are not many poor children in existance but who would be willing to change places a short while with some of the heirs or heiresses

The man who takes to pounding a lid off a nitro-glycerine can for fun is sure to learn sooner or later the exact position of Mars and some of the other planets.

The preacher who thought he had a cold gave out his text as follows: "Add Jacob said to Rebekah his brother, Behold, Esau by brother is a havby bad, add I ab a shooth had." Later, whed the collectiod was taked, it was foudd to consist bostly of peddies, dickles, and dibes.—New Castle Herald. We have them here too, but it's mostly the girls who get to talking like a frog croaks.

The nice thing about a woman masquerading as a man is that they learn not to bother about their hats being on straight.

The Uniontown Herald in speaking of a visit of John L. Sullivan there says that the noted scrapper of old left his mark there. Does that mean to say that he gave the people up that way a good beating?

LOST---Gentleman's Gold Watch, on Thursday, Friday or Saturday. Liberal reward if returned to 258 Mail office.

"NINETY-THREE"

The Story of a Famous Name and How it Originated.

The foremost dermatologist in France. Dr. Sabouand of Paris and Professor Unna, Hamburg, Germany, discovered that a microbe caused baldness. To prove their theory Dr. Sabourard infected a guinea pig with some of these microbes and in a comparatively short time the animal was denuded of every hair that was on its body.

Some eminent histologists and chemists were employed by the United Drug Co., Boston, Mass., to find the means of destroying these microbes and a remedy that would create a new growth of nair where the hair roots had not been entirely destroyed.

After months of study, experimenting and research work, they discovered what they claimed would do what was demanded. To unquestionably prove their theory, 100 leading druggists, located in as many different cities, were requested to each furnish the name of a responsible person suffering from falling hair and baldness. Each of these 100 persons was furnished three bottles of the preparation with a request to give it a thorough trials and report results.

Five of these people failed to report. Two declared they had been bald for years: that their hair follicles had long been closed, and their scalps were smooth and glossy.

Ninety-three of the 100 sent in enthusiastic reports, stated that they were delighted with the hair restoring qualities of the preparation, and expressed sincere thanks for the wonderful benefits brought about by its use. In commemoration of this, the new preparation was named Rexall "93" Hair Tonic.

We sell this remedy with the distinct understanding that it is free of cost to the user in every case where it does not completely remove dandruff, stimulate the hair follicles, revitalize the hair roots, stop the hair from falling out, grow new hair and make the scalp free from irritation.

Rexall "93" Hair Tonic comes in two sizes; pries, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

SENSIBLE BEAUTY AIDS

A Hint Upon a Subject Every Woman is Interested in.

During this period, which is recognized as the most trying time of the year for complexion troubles, the sale for Crown Cream is naturally the heaviest. This preparation, which is literally without rival today, is not a massage cream alone, but is a true beautifier of the finest type. In fact it is the only face cream which gives some of the best effects of massage, without any manipulation of the skin. Of course these effects can be hastened, and made more lasting employing a new massage appliance called the Harlan Beauty Cup, which is made of pure Para rubber, and is so devised that it acts with a vacuum principle. In this way it gently withdraws all impurities from the pores, opens those skin crease we call wrinkles, and by its effect upon the fine blood vessel beneath the surface, builds up the tissue so that the wrinkles no longer exist. In this way, by the use of Crown Cream and the Beauty Cup combined, sallow or pallid skins are cleansed and enriched by the action of the blood upon the tiny veins that have been retarded because of unhealthy conditions both above and below the surface.

It will be seen that these are true beauty aids, based upon common sense ideas, and belong on every woman's toilet table. And they cost so little. The Beauty Cup sells for 50c. and this is also the price per jar of Crown Cream. Hennings' Drug Store, Fifth and McKean.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. John G. Moldan, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

OZO for CATARRH

Championship Billiards

The genteel section of the sporting world and the general public is evincing a keen interest in the announcement of the signing of papers and posting of forfeits for a billiard match between the most brilliant world's champions, Willie Hoppe and Ora Morningstar. Arrangements have been completed and preparations are fast going forward to make the event, the most noteworthy in the history of billiards. It has been arranged that Hoppe and Morningstar shall meet for their contest in the great Northern Hall, Diamond Street, Pittsburg, and that they shall play three innings of 500 billiards each on three consecutive nights, namely Wednesday, Thursday and Friday, February 2, 3 and 4. Purse is $1,000 and gate receipts. Each of the parties to the contest have posted a forfeit of $250 and signed papers with Harry Davis of the Grand Opera House and other amusement enterprises in Pittsburg.

The hall is being arranged by the addition of a graduated floor so that every side within its enclosure will be a vantage point from which the players and every play may be seen as the game progresses. Mr. Davis is being congratulated on all sides for his achievement in securing this, the first professional billiard match between world's champions, that has ever been held in Western Pennsylvania.

Hoppe won the championship at 18-2 balk line from George Sutton at Chicago, at Madison Square Garden Concert Hall, March 27, 1908, with a score of 500 to Sutton's 272. This made the brilliant young Hoppe the world's champion, but he refused to defend the emblem, claiming that the game of 500 points was not a fair test and that the the battle should be fought out on the basis of 1,500 points, running three consecutive innings played on successive days. He asserted that a man might play in brilliant form one day and fluke the next or vica versa, and hence an inning of 500 points could not be taken as a criterion of either player's settled form. Physical condition and various other uncertain elements entering into the life of a billiard player might make his game vary so decisively that he could be beaten by a tyro almost on one day and play an unbeatable game the following day.

Hoppe's attitude and his firmness in maintaining it necessitated another tournament to create a new champion. This was held at Madison's Concert Hall, March 22 to April 22, 1909. The contestants were Morningstar, Sutton, Slosson, Gutler, Cure, Cline and Demarest. Morningstar won the tournament with a grand average of 17 The play in Pittsburg will be 18-2 balk line. Both Hoppe and Morningstar will come to Pittsburg a week in advance of their match along about January 24 and will put in the time in preparation for the championship play, practicing in the Harry Davis Billard Hall, Grand Opera House building. Morningstar, who by the way is a Western Pennsylvanian, practices in public and may be seen any day during his stay in Pittsburg, where he has a multitude of friends. Hoppe will be present also, but he makes it a rule not to practice in public. Tables will be set up for the private use of both the players.

There is every likelihood that either Hoppe or Morningstar, whichever defeats the other, will play Cavin Deamrest of Chicago, the young man who won this year's tournaament, and there is some reason to believe that the play may be in Pittsburg.

STOCK TAKING TIME IS HERE

When we must close up our Year's Business

This is the time of reductions, of underprice selling, of uusual savings. Good shoppers, discreet buyers, value-wise women will take advantage of these opportunities to supply their present and future needs, and save a fourth, a third, a half, yes and even more by so doing. This is a period when women prove their shopping ability and display their forsightedness. We are removing surpluses and generally reducing stocks to make room for our spring purchases.

We Feel It's Wiser to Sell at Cost

Or even a loss than to carry goods beyond their season. So come buy your

Coats, Suits, Furs, Comforts, Blankets, flannelettes, domets, hosiery, underwear, millinery, ladies' and men's furnishings, notions, suit cases, hand bags, lace curtains, carpets and rugs at such low prices that you will be astonished

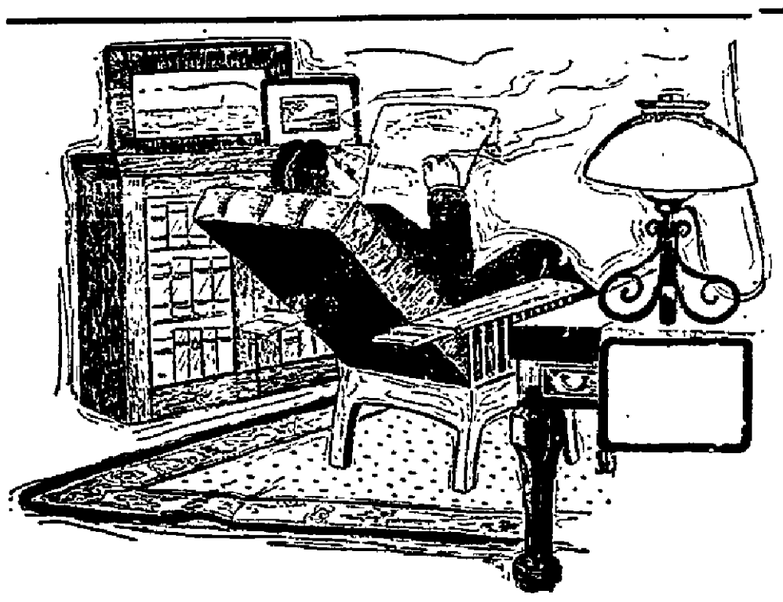
THE BIG NECESSITY SALE!

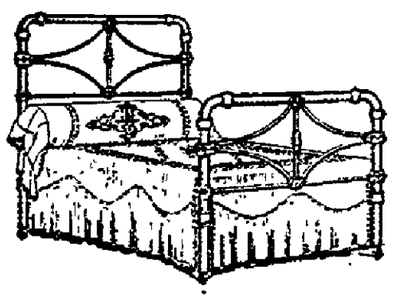
AT PFLEGHARDT'S

Started off with a vim that was a surprise, considering the humor of the weather man. You might notice hundreds of pieces of furniture with sold tags hanging on them, but in our mammoth stock, several days such selling would make no more impression than water on a duck's back. Where the heaviest selling was done, was in the Bed Room Furniture. Everyone must appreciate the values we are offering. At a very low price you can fit up a very attractive bed room with one of our Princess Dressers in mahogany, birds-eye maple or golden oak, a chiffoner to match and a metal bed, either in iron or brass. Some of the iron ones are made to imitate brass. They're cheaper and the Vernis Marten Laquers are just as lasting as brass

HERE'S WHERE THEY START



The winter is not yet over. Make the rest of the evenings pleasant and comfortable by lounging in one of these big, comfortable chairs. They're made to stand hard usage. Gladstone sleepy-hollow, Morris and English Fireside patterns in the good leather coverings for about one-half of their original price.



Bed 4ft 6 in. wide. Good all metal spring and a good combination mattress all for

$13.25

Don't wait, these are first class goods that are going at these low prices. Saturday will be a record breaking day for bargains.

ROCKERS

In almost countless numbers, a range of prices that can't help but conform with all purses.

At the Necessity Sale price they are more than

ZEMO, a clean liquid for external use stops itching instantly and permanently cures eczema and every form of itching skin or scalp disease. Piper Bros., the druggists, say they have been shown positive proof of many remarkable cures made by ZEMO and that they endorse and recommend it and believe ZEMO will do all that is claimed for it. Piper Bros., 5th and Fallowfield Ave. Ask for sample.

If You Have Eczema.

If you have eczema would you like to get prompt relief and be permanently cured by a clean liquid preparation for external use? We always have this remedy in stock. We know the ingredients and know of its wonderful curative and healing properties. ZEMO has cured a great many chronic cases of eczema and other forms of skin and scalp disease. We will give you a booklet on skin disease and explain to you how you can be cured in your own home by this clean, simple remedy. ZEMO is pleasant to use and can be used freely on infants. It cures by drawing all germ life and poisons to the surface of the skin and destroying them leaving the skin clean and healthy. Piper Bros.

THE CHARLEROI MAIL

Entered second class mail at Charleroi June [illegible] 1900, according to Act of Congress of March 3, 1879

VOL. X. NO. 125. CHARLEROI, WASHINGTON CO., PA., FRIDAY, JANUARY 14, 1910. One Cent

APPLICANTS MUST ANSWER BIG LIST OF QUESTIONS

Each Person Wanting Census Job Must Be Endorsed by by Two Citizens.

TEST IS PRACTICAL ONE

Necessary For One to Tell All He Knows About Self to Get On the Force.

Census Supervisor Charles O. Frye, whose office is at this place, has received from the Census Bureau a supply of blank applications for persons applying for positions as census enumerators. These will be forwarded to his list of applicants as soon as possible.

The applications, properly filled out, must be returned to the supervisor not later than January 31, the Census Director having extended the time for filing from January 25, which was the date first set for closing the consideration of applications. The "test" will occur February 5, as previously announced.

The instructions printed on the application form state that a definite answer is required to each of the questions, which are:

"Are you a citizen of the United States? If naturalized citizen, when and where were you naturalized?

"Of what State or Territory are you a legal resident? How long have you been a legal resident thereof? Of what county and of what town or city and ward are you a resident? How long have you been a resident thereof?

"What is your sex and color? What was your age at last birthday? Where were you born?

"What is your education? Give the principal facts.

"What is your present occupation?

"What is your professonal business experience? Give the principal fact, and, if at present an office holder, name the office you hold.

Have you ever been employed on census work, either National or State? If-so, in what capacity and of how long a period? If an enumerator, for what territory or district? Describe as accurately as possible.

"Are you physically capable of a full discharge of the duties of a census enumerator? Have you any defect of either sight, hearing, speech, or limb? If so, state nature of defect.

"Do you speak English? Do you understand and speak any language other than English. If so, what language? Specify languages spoken, as Bohemian, Chinese, Danish, French, German, Greek, Hungarian, Italian, Japanese, Lithuanian, Magayr, Norwegian, Polish, Portuguese, Russian, Slavic, Spanish, Yiddish, etc.

"Are you a member of a political committee of any party? Answer 'Yes' or 'No,' but do not indicate what party.

"In view of the fact that you may be required to take a test before a postmaster, state what postoffice would be most convenient to you for this purpose. This test is of a practical character, consisting chiefly or wholly of the filling out of a sample schedule of population from information furnished regarding tpyical families, and in the case of enumerators whose work will be in rural districts, the filling out of a sample schedule of agriculture.

"Are the answers to each of the foregoing questions true to the best of your knowledge and belief? Are they in your own handwriting?"

Indorsement of each applicant must be secured from two representative citizens of the community in which the applicant resides. They must be at least 21 years of age and acquainted with the applicant not less than one year. Indorsements will not be accepted from any person who is in any way related to an applicant. The indorsement certifies that the applicant "is a thoroughly trustworthy and honest person, of good habits, and in my opinion, is fully capable of discharging the duties of a census enumerator, if appointed."

Woman Charges Dentist With Fracturing Jaw

Dr. Arthur Raymond Krahmer, of Uniontown has been made defendent in a damage suit for $10,000 brought by Mary E. Friend, a domestic. The plaintiff claims that the dentist extracted the root of a tooth and in so doing shattered the jaw bone, which resulted in serious and permanent injury.

He is charged with using large injections of cocaine after which he extracted the root in a forceful and violent manner. He is also charged with being careless and negligent.

Carmichaels is Stirred.

Under direction of Eangelists Hendrick and Carter, who recently held a series of meetings at the Washington Avenue Presbyterian church here, a revival is in progress at Carmichaels which has stirred that town as never before. Stores and business places are closed while the meetings are in progress, and over 60 conversions have been reported.

BUSINESS DETAINED INVENTOR

Charles E. Bell, the Charleroi investor, for whom his family and friends have been searching several days past, came home last night about 11 o'clock from Pittburg, where, he said he had been detained on business. Mr. Bell stated that he had written a letter last week, and was surprised that it had not reached his family. Mr. Bell went to Pittsburg with William Creevey of Monessen on some coal land business. Mr. Creevey was able to return home the same day, but some unexpected business matters turned up which detained Mr. Bell. The latter will go to Ellsworth at once to begine installing the locks ordered for the Ellsworth mines.

Yearly Event

Everybody eat. Turkey dinner and supper at the Washington avenue church on Saturday, January 15. Price only 35 cents. 123t3

Wanted

Dining room girl and chamber maid. Wages $5.00 per week. Board and room. Fifth Avenue Hotel, Monessen. 123t3p

J. P. Ebert and J. K. Thompson of Ballsville was transacting business in Charleroi recently.

WASHINGTON COUNTY FOREIGNER SAID TO HAVE MET HIS DEATH THROUGH BLOW ADMINISTERED BY COUNTRYMAN

In a fight at a boarding house at the Arden mine of the Meadowlands Coal company yesterday morning, Theodore Shisslem, 21 years old, an Austrian, received injuries from which he died shortly afterwards. Shisslem, who was intoxicated at the time, attacked the boarding boss who refused to give him more whisky. The latter knocked Shisslem down and threw himout into the snow. Shisslem was carried back into the house by companions, but died before a physician could be called. Eight men have been arrested and are lodged in the county jail.

An autopsy showed that a blow by some blunt instrument over the left ear caused the death of Shisslem. The skull was not fractured, but the brain was highly congested. It is thought that as the man was drunk at the time the influence of the liquor made him more susceptible to the blow.

State Troopers Roller and O'Donald and Constable Nitchie of Midland rounded up the inmates of the house where the murder occurred and took them to jail. Coroner J. T. Heffran held an inquest at the court house this morning.

COURT REFUSES TO GRANT JUDGMENT AGAINST GARNISHEE

Judge J. A. McIvlaine yesterday handed down an opinion in the suit of Wilson Bros. Lumber Co. vs. Charles O. Frye of Charleroi, garnishee of Brenton and Hannan. Motion for judgement against the garnishee is refused.

It appears that Brenton and Hannan, becoming financially involved, assigned their property, book accounts, etc., to Charles O. Frye, as trustee, and 21 creditors of the firm signed an agreement that the proceeds of the sale of the effects of the firm should be divided in proportion to their respective claims.

Frye took charge of the firm's affairs and succeeded in realizing $1,538.10. Of this sum Frye paid claims against the firm amounting to $801,47, leaving a balance of $736.63.

The plaintiff having a judgment against Brenton and Hannan then sued an attachment for the money in the hand of the garnishee.

The court holds it would not be proper for Wilson Bros. Lumber company to take all this money and not allow the 21 creditors who signed the agreement to have anything, and for this reason the motion for judgment is refused.

PENNYWITT FINDS NEW ILLNESS FOR THE ATMOSPHERE

Henry W. Pennywit, the weather forecaster in Pittsburg not only dispense forecasts, but accompanies them with health hints. He came out recently with a new and rather startling one to the effect that Pittsburg air was super-charged with "pogonip," and he urged that people outdoors should hang over their mouths and nostrils a little apron of cheese cloth.

"Pogonip," he explained, is Indian for "white death," and is caused by inhaling fog, which has congealed into spicula of ice. He first learned of the disease when stationed on the Utah and Nevada plateaus, where the Indians dread it fearfully. It develops in form of pneumonia, which is usually fatal. This week was the first announcement of the new plague in Pittsburg.

Ira L. Nickeson has sold to Alfonso Pedro, lot in Charleroi on Fallowfield avenue 22x100 feet. The consideration was $305,000.

Rain and slush during the past two days had a marked effect upon local business. Not many people were abroad last night.

Miss Bertie Waller, the Lover correspondent of the Mail, is seriously ill. She has been confined to her home for several months.

R. S. Coyle is at Uniontown and Shady Grove transacting business in connection with Shady Grove Park, of which he is manager.

Mrs. D. E. Sloan and daughter are spending the day in Pittsburg with friends.

Leslie Campbell Co.

See those $12.00 Gray Worsted Raincoats to go for only $6.48. 125t2

WANTED—Nursing. By experienced nurse. Best of reference in every way. Mrs. F. D. Hill, No. 819, Fifth street, Charleroi, Pa. 125t2p

SING AND THEN PLAY TO DELIGHT LOCAL AUDIENCE

The Singers and Players Club consisting of a quartet of musical young men appeared at the School Hall last night in one of the entertainments of the Citizens Lecture course, and judging by the praise accorded them by those who attended, furnished the best entertainment thus far this season. The quartet sang and played. For well-balanced work as a male quartet they undoubtedly surpassed anything ever heard here. Male voices could not be more nicely blended and the seeming ease with which the members of the club adapted themselves to a varied program not only conclusively proved them musically proficient, but also evidenced the fact there was an organization fully alive to the musical wants of the masses. As a string quartet the club did especially meritorious work. With the three violins and the cello one of the most perfect harmonious groups possible was had, and with four proficient musicians to perform on these instruments the best in music was reached. Mr. Bright's cello work was especially commendable and the violin solos of Malcolm Wood were good. E. St. Clair Piggott received repeated encores after his basso solo. The members of the club by their apparent good nature won their way into the heart of the audience.

SLAV MINER NOT HELD ACCOUNTABLE FOR EXPLOSION

Coroner Heffran yesterday made an investigation of the explosion at California which snuffed out the lives of Sabin Kourtick, Josephine Kourtik and injured their mother and sister. The jury found that the explosion was due to the thawing out of carbonite by the father who was ignorant of the danger and he was not held for criminal action.

It was brougt out at the hearing that the father had purchased a box of the carbonite at the store and had been using it as needed. The box contained 52 sticks and he had used about 10 sticks. When the explosion occurred he was attempting to thaw out three sticks.

It is the opinion of many miners that Mr. Kourtick had caps on the carbonite or the explosion would not have resulted. He was questioned closely on this subject but held out that no caps were on the explosive.

Thus far little interest is manifested in the local political situation. The various candidates for the Republican nomination for justice of the peace are circulating some among their friends, but the public generally seem to take little interest.

Real estate men are looking for more active business this season than last. It is also expected that there will be more building in the community, especially in the lower end of town.

There seems to be an impetus in the chicken raising business in town. A number of residents have ordered incubators and expect to adopt the Philo system for brooding and raising chickens.

Mrs. John C. McKean is a visitor today in Pittsburg.

SEVERING OF LEFT LEG MAY CAUSE MAN'S DEATH

George Ingland the Victim of Serious Accident This Morning.

WORKER AT LOCK NO. 4

Line Wrapped Around Limb Pinching It Off, Leaving Part In the Boot.

George Ingland, aged about 40 years of 817 Lincoln avenue, had his left leg severed about three inches below the knee by being caught in a line while at work at Lock No. 4 this morning about 3:30 o'clock. He was taken to the Monessen-Charleroi hospital after Drs. H. J. Repman and J. Clive Enos had attended him, and today at noon the leg was amputated a short distance above the knee. When the leg was torn off, it was left in the man's boot. Some fears are entertained for Ingland's recovery, the loss of blood and the nature of the injury tending to possible serious consequences.

Ingland was an engineer by trade. He has been working at the Lock for some time, coming here from Brownsville about four years ago, and has been living with his father, being an unmarried man.

Two boats were awaiting the opening of the gates to get throught the lock, one above the lock and one below. Ingland was near a capstain on the middle wall attending to his duties, when by some means the large 2-inch rope, which is used for the opening of the gates caught his left leg, and in a twinkling had crushed it entirely off, against the capstain. Other workers were nearby and they came to his assistance and temporary aid was given until physicians could arrive. Soon after he was removed to the hospital. The loss of blood and shock was great and the entire morning was spent in getting him in a condtiton for an operation, which seemed inevitable.

The operation was performed by Drs. Repman and Enos, but the possible outcome cannot be told. The only relative of Ingland here is his father, who is a machinist.

Officers Installed For Ensuing Year by Lady Maccabees

Last evening at a regular meeting, Charleroi Hive No. 185 L. O. T. M. installed officers for the ensuing year. The installation ceremony was in charge of Mrs H. M. Ellsworth of Corry, Pa., Past Great Commander of Pennsylvania. The following ladies will assume charge of the various offices as noted:

Past Commander—Mrs. Margaret Dunkerly.

Commander—Mrs. Laura Eckel.

Lieutenant Commander—Miss Anna M. Sullivan.

Recorder Keeper—Mrs. Mary McGee.

Finance Keeper—Mrs. Amelia Heirnaus.

Sergeant—Mrs. Bertha Blanchard.

Masters at Arms—Mrs. Hattie Garlick.

Sentinel—Mrs. Margaret Garrigan.

Picket—Mrs. Mary Fiedler.

Chaplain—Mrs. Lydia Cottell.

Organist—Miss Julia V. Sullivan.

After the business session quite an enjoyable time was passed in dancing and other social diversions. Dainty refreshments were served.

FOREIGNER KILLED ON RAILROAD

John Mpoir, a Russian 24 years old, was killed by passenger train No. 150, southbound, due in Charleroi at 11:01 o'clock this morning, a short distance below North Charleroi. The man was not instanly killed, and the train stopped to get the body to bring to Charleroi. He died before reaching the local station, however. Drs. J. K. Smith and T. M. Faddis were called but it was too late to do anything. The body was taken to the undertaking rooms of Reeves and Reeves.

The man was walking from Pittsburg to California in company with another man of his nationality. A train going north, it is supposed, confused him, and he stepped in front of the fast south bound passenger train. It struck and hurled him a considerable distance.

The man's companion said that they were from Buffalo, N. Y., that they had been in Pittsburg, and being out of work, and short of funds started to California to secure work, intending to walk the entire distance. Coroner Heffran was notified, and will hold an inquest later.

Skating Party.

A party of men, many of them members of the Eagles, numbering about 50 held a skating party at the Charleroi rink last night. The evening was spent in skating and with other diverions. Supper was served, consisting mainly of chicken and turkey.

Turkey Dinner and Supper.

On Saturday, January 15, the big dinner and supper will be given by the ladies of Washington avenue church. Only 35 cents. 123t3

Too Much Gold?

When the so-called free silver fallacy was a campaign issue, the gold advocates pictured in lurid colors all the trouble, chaos and demoralization that a plethora of sliver money would bring, and positively asserted that all this would come to pass if there was free and unlimited coinage of silver. One of the evils predicted in case free silver prevailed was high prices, the same as during the Civil War, when greenbacks with no coinage basis was the medium of circulation.

Now, with gold as the basis and free coinage of this metal also, it is being asserted that the plentifulnss of this precious metal is accountable for the unprecedented era of high prices that is now prevailing and causing so much discontent and complaint. If the logic of this argument applies to the free coinage of silver, it would seem that it would certainly apply to the free coinage of gold, if that metal were more plentiful, and statistics show that its prodution has rapidly increased. That being the case it is in order for the financial sharps to cause a shutdown in the coinage of gold.

As a matter of fact these alleged fallacies are largely theoretical. The person of ordinary understanding whose mind is not befogged with the hazy arguments about "parity" cannot be convinced that if he should take his solid silver spoons to the mint and have them converted free of charge into silver dollars economic and financial confusion would result. It is the same way with gold, which after all is not an absolute necessity. You cannot eat it or wear it as clothing and it is not essential to the mechanical arts. It is probable that much of this theory as to the influence of gold and silver production is based upon a belief of what might occur rather than what has ever occurred. Past experiences are no criterion, from the fact that co incidence has not yet been fully separated from cause. When the public generally was afraid of Halley's comet, the appearance of that phenomenon was really the cause of more or less social and economic demoralization. Present conditions seem to demonstrate that too much gold is as bad as too much silver, applying the same line of reasoning.

Swallowing a Camel.

Those few assessors in various parts of the county who have followed the precepts of the Washington Observer in assessing property at what they conceive to be its full value, that is, at what it might sell at or was bought for when some one was very desirous of obtaining it, are simply fastening more taxes upon their neighbors than is paid in adjoining districts. This is forcibly stated in the following from the Connellsville Courier:

"We notice that some very excellent journals of high standing demand the assessment of coal lands and other property at their full value and point out that the assessors cannot do otherwise without violating their oaths of office. Occasionally an assessor feels imbued with this mistaken notion of integrity and follows such advice. The result is that the property in his ward or township is assessed at three or four times the value laid upon all other property within the county and his neighbors are called upon to pay three or four times as much taxes, relatively, as the other citizens of the county. The unfairness of this is so apparent that the virtuous assessor usually realizes that while straining at the gnat he has swallowed the camel. The commissioners usually afford the unjustly taxed citizens proper relief, and the assessor invariably [illegible] conscience."

In "swallowing the camel" these assessors are perpetrating an injustice upon their neighbors. While literally the law may state that property should be assessed at its full value, there is a wide discrepency as to what constitutes this value, which many a person has found out to his sorrow when he tries to dispose of a property at what it costs him. The most important question in the matter of assessment to arrive at is an equable basis rather than a big valuation. This is what is being done so far as possible, and the assessor who boosts his neighbor's taxes away above those of abutting districts presents an example of unfairness rather than that of rectitude.

Federal Incorporation.

Thomas W. Lawson, the Boston financier whose pyrotechnical crusade against the so-called copper trust brought him into the lime light as a "trust buster" of the most pronounced tpye, professes to have found a remedy for all the evils of trusts and big corporations. This is Federal incorporation, recommended by President Taft in his message to Congress. In this process Mr. Lawson professes to see an end to over capitalization, stock watering and the frenzied finance that has taken billions of dollars out of the pockets of gullible investors and loaded them with tons of worthless securities.

In many of the European countries —Switzerland is a notable example— all corporations are under Governmental jurisdiction and inspection. All the proceedings are open to public inspection and no concern is permitted to "bite off more than it can chew." In that country corporations are presumed to be organized for the purpose of legitmate business and none are permitted to "skin" investors or get a private "rake off." More than that, the Government supervises their methods of operation, and keeps them in the straight and narrow way.

If Federal incorporation in this country will accomplish like results it will fulfill Mr. Lawson's expectations. It is up to the public, however, to endorse this method, and to refuse to take any stocks or securities of corporations not under Federal incorporation. As the public dearly loves to be humbugged, it will probably require considerable more "shearing" to bring a dominating sentiment in this direction.

ELECTRIC SPARKS

The weather bureau has handed out a new one. It's "Pogonip" and is supposed to be a dangerous condition of the atmosphere. In other words it's frozen fog, so if you breath any of it and get sick, you will know the cause.

Even if the Pittsburg Railways company does not put the newest cars on our division at once, we will have the pleasure of seeing the old ones of the Washington line here, and that's something.

Apparently the children of the rich are not the happiest. However, there are not many poor children in existance but who would be willing to change places a short while with some of the heirs or heiresses

The man who takes to pounding a lid off a nitro-glycerine can for fun is sure to learn sooner or later the exact position of Mars and some of the other planets.

The preacher who thought he had a cold gave out his text as follows: "Add Jacob said to Rebekah his brother, Behold. Esau by brother is a hayby bad, add I ab a shooth had." Later, whed the collectiod was taked, it was foudd to consist bostly of peddies, dickles, and dibes.—New Castle Herald. We have them here too, but it's mostly the girls who get to talking like a frog croaks.

The nice thing about a woman masquerading as a man is that they learn not to bother about their hats being on straight.

The Uniontown Herald in speaking of a visit of John L. Sullivan there says that the noted scrapper of old left his mark there. Does that mean to say that he gave the people up that way a good beating?

LOST---Gentleman's Gold Watch, on Thursday, Friday or Saturday. Liberal reward if returned to 258 Mail office.

"NINETY-THREE"

The Story of a Famous Name and How it Originated.

The foremost dermatologist in France, Dr. Sabouand of Paris and Professor Unna, Hamburg, Germany, discovered that a microbe caused baldness. To prove their theory Dr. Sabourand infected a guinea pig with some of these microbes and in a comparatively short time the animal was denuded of every hair that was on its body.

Some eminent histologists and chemists were employed by the United Drug Co., Boston, Mass., to find the means of destroying these microbes and a remedy that would create a new growth of hair where the hair roots had not been entirely destroyed.

After months of study, experimenting and research work, they discovered what they claimed would do what was demanded. To unquestionably prove their theory, 100 leading druggists, located in as many different cities, were requested to each furnish the name of a responsible person suffering with falling hair and dandruff baldness. Each of these 100 persons was furnished three bottles of the preparation with a request to give it a thorough trials and report results.

Five of these people failed to report. Two declared they had been bald for years, that their hair follicles had long been closed, and their scalps were smooth and glossy.

Ninety-three of the 100 sent in enthusiastic reports, stated that they were delighted with the hair restoring qualities of the preparation, and expressed sincere thanks for the wonderful benefits brought about by its use. In commemoration of this, the new preparation was named Rexall "93" Hair Tonic.

We sell this remedy with the distinct understanding that it is free of cost to the user in every case where it does not completely remove dandruff, stimulate the hair follicles, revitalize the hair roots, stop the hair from falling out, grow new hair and make the scalp free from irritation.

Rexall "93" Hair Tonic comes in two sizes, prices, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

SENSIBLE BEAUTY AIDS

A Hint Upon a Subject Every Woman is Interested in.

During this period, which is recognized as the most trying time of the year for complexion troubles, the sale for Crown Cream is naturally the heaviest. This preparation, which is literally without rival today, is not a massage cream alone, but is a true beautifier of the finest type. In fact it is the only face cream which gives some of the best effects of massage, without any manipulation of the skin. Of course these effects can be hastened, and made more lasting employing a new massage appliance called the Harlan Beauty Cup, which is made of pure Para rubber, and is so devised that it acts with a vacuum principle. In this way it gently withdraws all impurities from the pores, opens those skin crease we call wrinkles, and by its effect upon the fine blood vessel beneath the surface, builds up the tissue so that the wrinkles no longer exist. In this way, by the use of Crown Cream and the Beauty Cup combined, sallow or pallid skins are cleansed and enriched by the action of the blood upon the tiny veins that have been retarded because of unhealthy conditions both above and below the surface.

It will be seen that these are true beauty aids, based upon common sense ideas, and belong on every woman's toilet table. And they cost so little. The Beauty Cup sells for 50c. and this is also the price per jar of Crown Cream. Hennings' Drug Store, Fifth and McKean.

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman.

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound"—Mrs. John G. Moldan, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

Championship Billiards

The genteel section of the sporting world and the general public is evincing a keen interest in the announcement of the signing of papers and posting of forfeits for a billiard match between the most brilliant world's champions, Willie Hoppe and Ora Morningstar. Arrangements have been completed and preparations are fast going forward to make the event, the most noteworthy in the history of billiards. It has been arranged that Hoppe and Morningstar shall meet for their contest in the great Northern Hall, Diamond Street, Pittsburg, and that they shall play three innings of 500 billiards each on three consecutive nights, namely Wednesday, Thursday and Friday, February 2, 3 and 4. Purse is $1,000 and gate receipts. Each of the parties to the contest have posted a forfeit of $250 and signed papers with Harry Davis of the Grand Opera House and other amusement enterprises in Pittsburg.

The hall is being arranged by the addition of a graduated floor so that every side within its enclosure will be a vantage point from which the players and every play may be seen as the game progresses. Mr. Davis is being congratulated on all sides for his achievement in securing this, the first professional billiard match between world's champions, that has ever been held in Western Pennsylvania.

Hoppe won the championship at 18-2 balk line from George Sutton at Chicago, at Madison Square Garden Concert Hall, March 27, 1908, with a score of 500 to Sutton's 272. This made the brilliant young Hoppe the world's champion, but he refused to defend the emblem, claiming that the game of 500 points was not a fair test and that the the battle should be fought out on the basis of 1,500 points, running three consecutive innings played on successive days. He asserted that a man might play in brilliant form one day and fluke the next or vica versa, and hence an inning of 500 points could not be taken as a criterion of either player's settled form. Physical condition and various other uncertain elements entering into the life of a billiard player might make his game vary so decisively that he could be beaten by a tyro almost on one day and play an unbeatable game the following day.

Hoppe's attitude and his firmness in maintaining it necessitated another tournament to create a new champion. This was held at Madison's Concert Hall, March 22 to April 22, 1909. The contestants were Morningstar, Sutton, Slosson, Gutler, Cure, Cline and Demarest. Morningstar won the tournament with a grand average of 17. The play in Pittsburg will be 18-2 balk line. Both Hoppe and Morningstar will come to Pittsburg a week in advance of their match, along about January 24 and will put in the time in preparation for the championsihp play, practicing in the Harry Davis Billard Hall, Grand Opera House building. Morningstar, who by the way is a Western Pennsylvanian, practices in public and may be seen any day during his stay in Pittsburg, where he has a mulitude of friends. Hoppe will be present also, but he makes it a rule not to practice in public. Tables will be set up for the private use of both the players.

There is every likelihood that either Hoppe or Morningstar, whichever defeats the other, will play Cavin Deamrest of Chicago, the young man who won this year's tournaament, and there is some reason to believe that the play may be in Pittsburg.

Dollar Saving Days

Prosperity dates from the first dollar saved. If you are earning money you ought to save something. What you do now in the way of saving may determine what the future will bring you. We pay interest on savings accounts. Let us open one for

STOCK TAKING TIME IS HERE

When we must close up our Year's Business

This is the time of reductions, of underprice selling, of uusual savings. Good shoppers, discreet buyers, value-wise women will take advantage of these opportunities to supply their present and future needs, and save a fourth, a third, a half, yes and even more by so doing. This is a period when women prove their shopping ability and display their forsightedness. We are removing surpluses and generally reducing stocks to make room for our spring purchases.

We Feel It's Wiser to Sell at Cost

Or even a loss than to carry goods beyond their season. So come buy your

Coats, Suits, Furs, Comforts, Blankets, flannelettes, domets, hosiery, underwear, millinery, ladies' and men's furnishings, notions, suit cases, hand bags, lace curtains, carpets and rugs at such low prices that you will be astonished

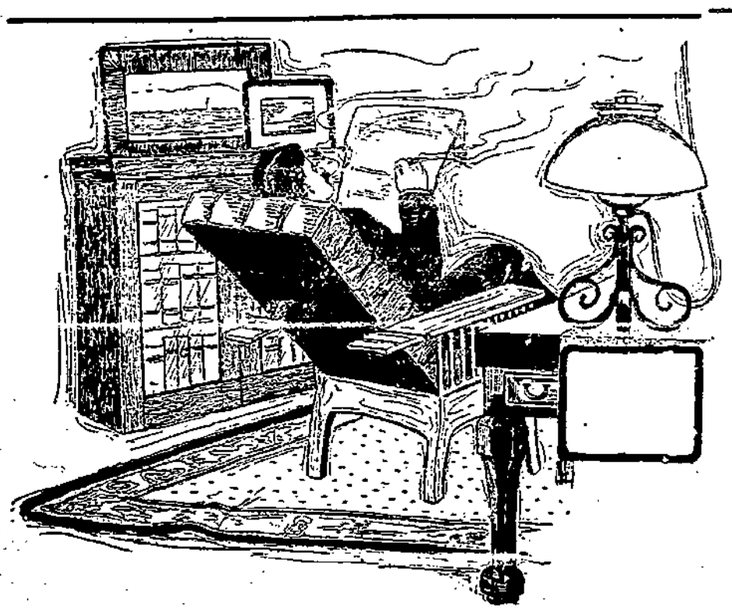
TRADE MARK EVERSTICK INVISIBLE RUBBER

THE BIG NECESSITY SALE!

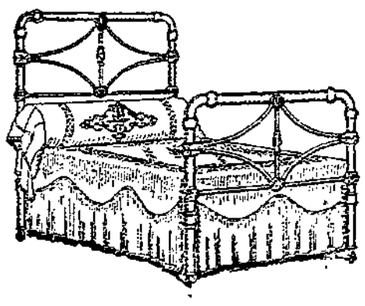
AT PFLEGHARDT'S

Started off with a vim that was a surprise, considering the humor of the weather man. You might notice hundreds of pieces of furniture with sold tags hanging on them, but in our mammoth stock, several days such selling would make no more impression than water on a duck's back. Where the heaviest selling was done, was in the Bed Room Furniture. Everyone must appreciate the values we are offering. At a very low price you can fit up a very attractive bed room with one of our Princess Dressers in mahogany, birds-eye maple or golden oak, a chiffoner to match and a metal bed, either in iron or brass, Some of the iron ones are made to imitate brass. They're cheaper and the Vernis Marten Laquers are just as lasting as brass

HERE'S WHERE THEY START



The winter is not yet over. Make the rest of the evenings pleasant and comfortable by lounging in one of these big, comfortable chairs. They're made to stand hard usage. Gladstone sleepy-hollow, Morris and English Fireside patterns in the good leather coverings for about one-half of their original price.



Bed 4ft 6 in. wide. Good all metal spring and a good combination mattress all for

$13.25

Don't wait, these are first class goods that are going at these low prices. Saturday will be a record breaking day for bargains.

ROCKERS

In almost countless numbers, a range of prices that can't help but conform with all purses.

At the Necessity Sale price they are more than

Hennings' Drug Store

Ready For Use.

As usual, the children were very hungry and were waiting patiently for father to fill the plates and pass them around. Father, however, was busily engaged in conversation and missed little Marion. After every one had begun eating the child grew desperate and interrupted his father:

"Say, papa, I've an awful good appetite today if you'll only give me a chance to use it."—Woman's Home Companion.

Charles Miller, one of Beallsville's energetic business men, was a recent caller in Charleroi.

Piper Bros. are pleased to announce to their customers that they have secured the agency for ZEMO, the best known remedy for the positive and permanent cure of Eczema, Pimples, Dandruff, Blackheads, Piles and every form of Skin or Scalp disease. Zemo gives instant relief and cures by destroying the germ that causes the disease, leaving a clean, healthy skin. See display and photos of cures made by Zemo at Piper Bros. Drug Store, 5th and Fallowfield Ave. Ask for sample.

MANDO

Removes superfluous hair from any part of the body. The only safe and reliable depilatory known. Large bottle $1.00; sample 10c. Send for booklet free.

Hennings' Drug Store

ZEMO, a clean liquid for external use stops itching instantly and permanently cures eczema and every form of itching skin or scalp disease. Piper Bros., the druggists, say they have been shown positive proof of many remarkable cures made by ZEMO and that they endorse and recommend it and believe ZEMO will do all that is claimed for it. Piper Bros., 5th and Fallowfield Ave. Ask for sample.

If You Have Eczema.

If you have eczema would you like to get prompt relief and be permanently cured by a clean liquid preparation for external use? We always have this remedy in stock. We know the ingredients and know of its wonderful curative and healing properties. ZEMO has cured a great many chronic cases of eczema and other forms of skin and scalp disease. We will give you a booklet on skin disease and explain to you how you can be cured in your own home by this clean, simple remedy. ZEMO is pleasant to use and can be used freely on infants. It cures by drawing all germ life and poisons to the surface of the skin and destroying them leaving the skin clean and healthy. Piper Bros.

Rev. Andrew Oisavsky, pastor of the Slavok Lutheran church, left today for Columbus, Pleasant City and Byseville, Ohio, on a flying business trip, on some church work.

H. H. and H. E. Dawson of Beallsville have returned home after a business trip to Washington and other points.

Miss Bessie Anderson of Pittsburg spent a few day with relatives in this town and returned home recently.

William Barcus, grandson of Mrs. Sarah Stevenson, while coasting met with a painful accident a day or two ago by being run over by a horse. One ankle was badly sprained.
